

Our Mission

IS TO PREVENT CHILD ABUSE AND NEGLECT

We accomplish this through education, counseling and supportive services for parents, children, caregivers and agencies in southwestern Pennsylvania. Our programs are solution focused, strength based and family centered.

PSC IS PARTNERING TO CREATE CHANGE

PSC is a linking organization that actively seeks collaborations to better serve the community. Our East Liberty family center is home to five other non-profits who share our vision of partnership and provide on-site assistance at PSC Family Center which is wheel chair accessible and the center is conveniently located on nine different east bound bus routes that originate in downtown Pittsburgh.
